What's worse, he is only a harbinger of things to come. Soon after Kanata's arrival, two very ominous spaceships appear, hanging low over the town of Tenmo... and both appear ready for a showdown at any moment. One of the ships belongs to the Galactic Federation...but who controls the other?

While the situation on Earth is becoming more tense, trouble is beginning to brew in space as well. Four of the deadly Sanadon warships have been spotted on a direct intercept course with Earth. With each passing moment, the destruction of everything Nayuta loves draws closer. Will she be able to make the ultimate sacrifice and push the power of the Shingu farther than ever before?
